Commodore's Report

Tim Amy

The Club's

New Year's Eve Party was sold out and well organised by Fleet Captain Rick and the many members it takes to put this event to-

gether.

While few of you are out boating at this time of year, your Yacht Club is busy. Rachael is dealing with recording membership dues as they begin to come in, contracts and financing for the expansion are being fine tuned, the schedule of VYC events is being developed and will be out to you 'soon'!

Long time member Jim Forster has kindly undertaken to organize club photos into a record of club history, renovation of club house interior will continue with a sound absorbing vinyl applied to the walls, 'soon'!

Director Craig Williams is arranging a monthly boating article with local news media. If you have any boating related story or information which might be of interest to the citizens of Vernon, please let Craig know.

By popular request, the list of members waiting to be assigned moorage is to be published in this news letter and at strategic times of the year. (page 15-16) Your three person Moorage Committee works hard to ensure that moorage is assigned fairly and sensibly.

Planning is already underway for the VYC Charity Regatta, chaired this year by Dave Simpson. This annual sailing event attracts 70 sailors from the Okanagan and some from out of Province, raising in excess of \$20,000 which is donated to the Okanagan United Way.

The Club's sailing fleet also provides basic sail training for 10-12 members and non members, usually in the Spring and as advertised on the web site.

With the dock expansion the mast gantry will be removed from the end of B dock, to be replaced with perhaps an upgraded and stronger version on the dolphins at the pump out dock. The design and engineering of this gantry is a hot topic among the Club's sailors this winter as they enjoy their evening Ovaltine. I wonder what they will come up with ?

Remember to renew your membership and moorage SOON, it is a very good deal. Spring and sunshine and boating season will be upon us soon.

Tim

Rear Commodore's Report

Lawrence Johnson

A Happy New Year to all.

Not much to report over the holiday season. However, we are still moving forward with further renovations in the lounge.

As well we will be getting started on B dock this month and I would like to thank everyone for their support.

Regards,

Lawrence

Fleet Captain's Report

Bob Montguire

I have placed a copy of the moorage wait list in this issue. (page 15 & 16) The list is up to date but the moorage shown is for last year. As soon as we receive enough intent forms to give us an idea

as to what is required, we will start to assign moorage for this year.

Please don't phone the office looking for moorage. We will phone you if you are assigned moorage for 2011.

Bob Montguire

Staff Captain's Report

Rick Reichelt

Happy New Year

to all of you.

I look forward to a great year at the club. The renovations are really looking good and we will continue with more improvements.

For those of you who attended the New Years Eve Party: Thanks for participating; it was a great night.

We are working on our events schedule for the year and will have it out soon. Lets hope Spring arrives soon.

Rick

Vernon Yacht Club Minutes Summary

Jan.10, 2011

By Teri McLennan, secretary

- Dock expansion expected to start in early February.
- Will look at publishing the moorage wait list in Newsletter.
- Will have calendar of VYC events for 2011 soon.
- 1) New full time member and (1) Assoc. member have joined.
- Renovations are on-going. Come check out the changes!

Teri

VYC's Sailing 101

Don and Carol Craske's ever popular Introduction to Sailing Lessons has been taken over by the 'three Daves, and Jamie'. For a number of years Don and Carol's program has been run each spring after the Boat Show and has provided a first sailing experience for many new sailors. The three Daves (and Jamie) will be putting together a similar program for 2011, with details to follow. As in the past, the lessons will include both classroom and on-the-water sessions given by a number of VYC sailors. While the lesson topics are yet to be finalized, some new ones might include: Dave and Craig's 'Voice projection and laughing at sea'; Jamie's 'Creative use of tuck tape'; Sandi and Debbie's 'Girls sailing around buoys'; Laurence's 'Proper use of sunglasses at sea'; Bob and Ken's 'Right-of-way rules for anchored boats'; Bob's 'Bob around on boats'; Dave's 'wood wood and more wood'; Steve's 'Ten foot-itus'; Doug's 'Chaos theory'; and, Dave's 'Crew management and motivation for the single handed sailor'.

These lessons are open to VYC members and non-members alike, so, if you or someone you know would like to experience sailing, please contact DaveS (simdav@telus.net) (250-542-0053) for more information.

Tracks in the Snow

Our Yacht Club has turned into a winter wonderland with all the snow providing a white blanket on boats stored on land and those still in moorage. One of our intrepid security team members used the new snow to follow tracks around the boats on land to check that no villainous acts were perpetrated. Yes, fellow VYC members the Winter Security Team is “on duty” during the off hours to provide “boots on the ground” surveillance at our Club. As we enter into our fourth month of winter all is well! While this may sound a bit blasé, it is good news to know that our Member Security Team concept is working.

As we look towards the end of winter, and the thought of using our boats again on balmy

Okanagan Lake waters, the Security Team is preparing to gear up for Summer security posture. It is anticipated that most Team members will return for another season and, why not! It is a fun experience to enjoy a calm early morning as nature wakes up in the marina or the laughter of the evening hill lights as they dance on the shimmering water.

Some new members have indicated an interest in joining the Security Team, good show. However, realistically, 40 members is workable to ensure everyone has a chance to do a shift monthly. If you are interested in joining the Team let Rachel in the Office know. If you would like to express an interest on how the

Security Team concept works, give the Team Leader, Ron Heuman, (558 1063) a call or speak with the Deputy Team Leader, MJ Watson, who is generally at the Club on Friday evenings hosting the ever-popular “Friday Night Dinners.”

Remember, Club security is in the interest of every member while at the Club. Please remain vigilant.

Vigilance aye Vigilance

Ron

The staff at Qwik Change Oil and Lube would like to invite yacht club members to take advantage of special discount on all our services. See us for your next oil change, transmission service, fuel service, or radiator flush.

Messing About in Boats

by
Dave Atkins

With Christmas well behind you and the spring sunshine a distant dream, thoughts turn to planning that summer cruise or to more mundane topics such as “Damn-it the teak needs to be done again this spring!” I subscribe to an e-mail site for Tanzer owners and the topic of Teak finishing is on-going and reaches a peak in the early spring before the boats go back into the water. Now most Tanzer sailboats are over 30 years old so “on going” maintenance is an on-going topic. Very few of the powerboats that are suitable for the Lake have Teak on them anymore, the handrails are nice shiny chrome or polished aluminum, but the sailors seem to want to hang onto the tradition and have some teak on the outside of the hull. The Teak below decks is a whole different story and requires much less maintenance.

The philosophy of dealing with external teak varies from the idea that it is a naturally durable wood and needs little attention to the notion that it must be bright and shiny at all times regardless of weather and sunshine. On my email list I see all sorts of methods of looking after teak, some of which run to 10 or more coats of different finishes applied in a variety of ways. Back in the days of sailing ships the decks were planked with Teak because it was durable, required little maintenance beyond a bucket and mop and a block of “Holly stone” with which to smooth the surface. Oil was never applied because that made it slippery and defeated the natural grip that the raw wood offered.

To day most of the Teak used in boats is plantation grown and is not the same as the traditional forest grown trees that used to be used. The wood is less dense because it is fast grown and it doesn't have the same natural oil content. When I worked for a timber merchant in London back in the 50's the Teak that we imported was forest grown and quite a bit different

to most of the stuff used now. It felt quite “oily” and was more difficult to cut and machine, but it was more durable.

I am not a traditionalist and most of the external teak on my boat has been replaced with high grade plastic material. By the way you can buy plastic decking that looks just like Teak. The Teak hand rails get washed and lightly scrubbed with soap and water when I wash down the deck and they soon have a nice silver grey finish which looks quite good and traditional.

Whatever you do to the Teak on your boat it should give you pleasure and satisfaction and not be a dreaded chore, If it has become a chore try something different or sell the boat!

Dave

New Years Eve Party Dec. 31st

ANNUAL GENERAL MEETING

Vernon Yacht Club

November 29, 2010 Continued

Motion to approve Financial Report; Mike Thomas. Seconded by Randy Mihacheon. All approved. **Motion was passed.**

Budget for 2011 (1) and (2) tabled with explanation.

Old Business

Motion to approve updated Long Term Plan was made by Mike Thomas. Seconded by Rob Laden. All approved. **Motion was passed.**

New Business

-Phase II Dock Expansion/Renewal preamble: Tim Amy
During 2006-07 the club approved a plan to renew and expand the docks. Phase I converted D dock to concrete and added B dock. This added about 30 new slips, all filled immediately.
Demand for moorage has continued and we currently have (61) members waiting to be assigned a slip. Kelowna Yacht Club is planning a significant expansion of moorage. A study of boating needs in the North Okanagan is currently being prepared. As yet unpublished it predicts a significant demand for launching and on water moorage facilities. Our wood docks are past life expected. Interest rates remain historically low, costs of materials has flattened, contractors are available, VYC has significantly reduced our debt load and the clubs cash flow is judged to be adequate. Treasurer Gary Pearson will address the costs and financing debt servicing issues.
Recommended that B dock be converted to concrete and extended by four fingers each side, adding 16 slips. Temporarily use the best wood from B dock to extend C dock by 4 fingers on each side. B & C will be extended to be even with D & E docks.

If approved by members, construction can commence soon as weather permits, estimated completion would be May 2011.

Motion to proceed with and obtain funding for Phase II Dock Expansion and Renewal:

Moved by: Lawrence Johnson
Seconded by: Dan Irvine

Question and or discussion from the floor on the motion:

Gary Pearson addressed any questions in regards to the cost and financing of Phase II Dock expansion and renewal.

Question was raised about the interest rate. Set right now at 3.75% for a "fixed" 5 year term.

Question was raised if this would affect the Boat Show. No it will not.

Question as to why not do the whole thing now? Cost would be in excess of 1 million dollars.

Question as to whether we could use some of B dock's wood to extend A dock as well. This can be looked at to see if the wood is good enough.

The Motion was passed.

Motion to remove budget from table; Gary Pearson. Seconded by Bill Crum. All approved. **Motion passed.**

Motion to approve annual dues; Gary Pearson. Seconded by Jerry Spelchan. All approved. **Motion passed.**
Motion to approve Initiation fee for 2011; Jerry Spelchan. Seconded by Bob McElroy. All approved. **Motion passed.**

Motion to approve Budget (1) as indicated by Phase II vote; Gary Pearson. Seconded by Rick Reichelt. All approved. **Motion passed.**

Motion to waive audit; Mike Thomas. Seconded by Ron Pasiuk. All approved. **Motion passed.**

Motion to award Life Time Membership to Lawrence MacAulay; Jerry Spelchan. Seconded by Ron Heuman

This was done by secret ballot.
(73) members for.
(16) members against.
(1) member abstained from voting.

Motion passed.

Election of Officers: Presented by Rob Laden

Winter & Spring, CPS Course Lineup

The Boating Course This is consistently our most popular course. The Boating Course is being offered on Thursday evenings for 12 weeks, commencing March 17, 2011.

Seamanship Course This is the second in our popular series of boating safety courses. Pick up your navigation skills where the Boating Course left off. To be presented Tuesday evenings, commencing January 18, 2011. Call Simo

Pleasure Craft Operator Seminar Full day course leading to PCOC exam. Course runs 9:00 am until about 4:30 pm on a Saturday. Dates to be announced for Spring courses

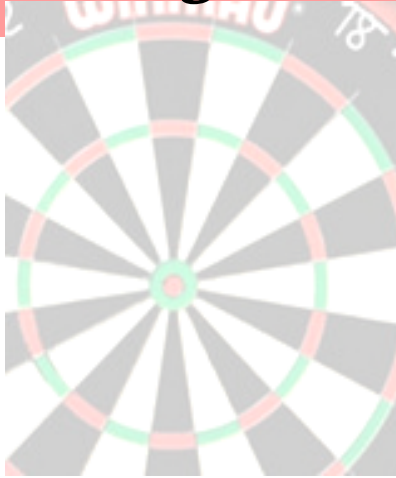

Coming Events:

- 13-week Boating Course - commences March 17, 2011
- Seamanship Course commencing on Jan. 18, 2011
- VHF Radio Course commencing March 28, and all day April 2, 2011

For more information, and to pre-register for courses, please call Simo Korpisto at

250-542-5525. Register on-line www.cpsboat.ca or www.cpsvernon.ca.

Dart Night

Our weekly Dart Night is starting to pick up speed. We have decided to change it to **Thursday nights** so we will not interfere with sailing nights next spring on Wednesdays. We will be switching Dart Night from Wednesday nights to Thursday nights effective next week. Thursday Dec 2 will be Dart Night and every Thursday from here on in.

Apparently our new Bar Manager takes a few shots at the board. Come down and join in on the fun.

Dart Night

Thank You,
Your event planning crew ...
